

LOAD IN: Thursday 8/20/2020 at 6:00 PM. **Series will park all rigs.** This will be a busy load-in as we are directing FRP, FV, AND RIGHT COAST rigs. See Map below. All FRP rigs must enter the paddock via the yellow route identified above. RCFF and Challenge cup can enter by crossing the bridge, unless you have a large 5th wheel trailer then you must follow the yellow route. We may be able to get some of the smaller rigs in earlier, determined by the track Thursday around 4:30.
